

05-03

The image displays a 10x10 grid of 100 small clusters of black dots on a white background. Each cluster is a unique arrangement of dots, representing a different number from 0 to 99. The clusters are arranged in a grid where the first row contains numbers 0-9 and the second row contains 10-19, and so on, up to the tenth row containing 90-99. The dots are arranged in various patterns, including horizontal lines, vertical lines, and more complex shapes, to represent each number.
