

The image displays a 10x10 grid of 100 small dot patterns. Each pattern is a unique combination of the 10 digits (0-9), represented by dots at specific coordinates on a 10x10 grid. The patterns are arranged in a 10x10 grid, with each row and column containing a different set of patterns. The patterns are created by placing dots at specific coordinates on a 10x10 grid.
