

The image displays a 10x10 grid of 100 small dot patterns. Each pattern is a unique combination of the 10 digits (0-9) shown in the top-left 10x1 grid. The patterns are arranged in a 10x10 grid, with each row and column containing all 10 digits exactly once. The patterns are created by combining the 10 basic digit patterns shown in the top-left 10x1 grid.
