

The image displays a 10x10 grid of Braille characters, representing the numbers 1 through 100. The grid is organized into four groups of 25 characters each, corresponding to the tens 10, 20, 30, and 40. Each group contains the digits 1-9 followed by a zero. The Braille characters are formed by combinations of the numbers 1-9 and the zero character, which is represented by a specific Braille cell.
