

The image displays a 10x10 grid of 100 Braille characters. Each character is a unique combination of dots 1 through 6, arranged in a regular pattern. The characters are arranged in a regular pattern, with each character occupying a square cell defined by dashed lines. The grid is composed of 10 rows and 10 columns, totaling 100 cells. Each cell contains a single Braille character, which is a combination of dots 1 through 6. The characters are arranged in a regular pattern, with each character occupying a square cell defined by dashed lines.
